Lately things won't come my way  
Lately everything is grey  
It feels like something  
It feels like nothing

So I came too far  
To end up this way  
Feeling like I'm God  
Feeling there's no way

So I'm an angry fuck today  
Anger's the only thing I've made  
It feels like something  
No it's nothing

So I came too far  
To end up this way  
Feeling like I'm God  
Feeling there's no way  
...To live this way

Hating...Feeling...Falling...  
To the place where people haunt me  
I can't help but keep from falling to the place where  
people know me  
I can't wait to give them these feelings  
I'm hurting  
Keeping in side me  
For all to take  
Picking at me  
They're ripping at me  
...Ripping at me

So I came too far  
To end up this way  
Feeling like I'm God  
Feeling there's no way  
So I came too far  
(Hating...Feeling...Falling...)  
(To the place where people haunt me)  
To end up this way  
(I can't help but keep from falling to the place where

people know me)  
Feeling like I'm God  
Feeling there's no way  
...To live this way  
...Live this way
