My wheels keep spinning backwards
They're spinning round and round and round
My heart can't sometimes take it
Bleeding, till it's broken down

Why can't someone fucking tell me
What the fuck's going on?
Why don't we love each other?
Constantly beating others down

And now I find it hard
To live my own life
Pleasing everyone
While I'm just dead inside

I wake up, I can't breath
I grip my sheets real tight
What the fuck is happening to me?
Damn right, I can't live this life

Can someone please tell me
What the fuck's going on?
Why don't we love each other?
Constantly beating others down

And now I find it hard
To live my own life
Pleasing everyone
While I'm just dead inside

You wanna take me away
Wanna take me away to die
Life wants to take me away

It's gonna put me away tonight

Oh my God, can't take this shit!
Feeling like a lunatic!
Holding your problems
Inside my head!
Holding motherfucking shit!
Feeling like a lunatic!

A place for your bullshit to hide!

A place for your bullshit to hide!
A place for your bullshit to hide!
A place for your bullshit to hide!
A place for your bullshit to hide!

Can someone please retell me
What the fuck's going on?
Why don't we love each other?
Constantly beating others down

And now I find it hard
To live my own life
Pleasing everyone
While I'm just dead inside

Just dead inside
Just dead inside
Just dead inside
I'm just dead inside
