Sometimes you give me kisses that you want me to
believe
I been understanding, giving you everything you need
Using me is over now and soon your gonna see
I'm done with you
I'm done with you

Would there be a difference if I follow what you say?
Taken from my mind and I can't seem to get away
Using me is over now and soon your gonna see
I'm done with you
I'm done with you

Everyone is the same, when you point the blame
All I know is that life is a struggle
(Why) I can't seem to escape, all the games that you
play
All I know is that life is a struggle
(Why) Everyone is the same, when you point the blame
All I know is that live is a struggle
(Why) I can't seem to escape, all the games that you
play
All I know is that live is a struggle

Hating, I'm angry, I'm falling from everything
Some way I'm angry, I'm falling from everything

Everyone is the same, when you point the blame
All I know is that life is a struggle
I can't seem to escape, all the games that you play
All I know is that life is a struggle
(Why) Everyone is the same, when you point the blame
All i know is that life is a struggle
(Why) I can't seem to escape, all the games that you
play
All i know is that life is a struggle

Why am I so angry inside my head?
It's all the same, and it's gonna change
I'm not ashamed to live my life

Everyone is the same, when you point the blame
All I know is that life is a struggle
I can't seem to escape, all the games that you play
All I know is that life is a struggle
