You simply defy, I cannot and look through the sky
We try it single file, dig on me here is my denial
I cannot ever find something safe my tongue on the fly
I cannot live this way, floorin' me, we'll kick the P.A

You wanna play with me
I'm really gonna rock your world
You wanna come for me
I'm gonna rock your world

You say everything is fine, I cannot compete with the
skies
My sickness crossed the line, come and meet my fly
through the sky
I cannot ever find, you and me we'll make all the lines
Oh if they could see the play, no one would wanna be
me

You wanna play with me
I'm really gonna rock your world
You wanna come for me
I'm gonna rock your world

So I fly, take me
I cannot fly, most people hate me
To fly away from this pain

So I fly, take me
I cannot fly, most people hate me
To fly away from this pain

Please take away, please take away my P.A

So I fly, take me
I cannot fly, most people hate me
To fly away from this pain, this pain

P.A

Please take away, please take away my P.A
Please take away, please take away my P.A
Please take away, please take away my P.A

Please take away, please take away my P.A
Please take away, please take away my P.A
Please take away, please take away my P.A
Please take away, please take away my P.A
Please take away, please take away my
