"Claim the land
Crosses in hand
And slaughter those that resist
Heads in check
Because around your neck
Hangs a crucifix
When did God become an empire?

You can't be stopped
God's on your side
You're the Catholic Empire
Religious cops
God's SS worldwide
God's Big Brother for hire

Questioning
Everything
Except your Holy Book
Get yer fill
More aetheists to kill
And more natives to cook
Kill 'em all and let DeSoto sort 'em out"
