Fractal Din Cluster intersensory  
Input-Overload to fulgent Pande-Monads  
Oligarchy of the thingest Stimulus  
Triniconglomerate beyond the Scale.

The Windfluxes sing through Nightsplitters  
In derangemental Stings  
Raving Knouts of the diaphanous  
Static-Catafalque.

Memories on Memories on Memories  
Thoughts on Thoughts on Thoughts on Thoughts

Rainpins breathes the Air on all numb Sensegates,  
Sluiceblockades are to release golden Bells.

Nervecrackling-Wounds bombard last sane Craters  
And Perception-Konstrukts dissolve into Lightpoints &  
Waves.  
On Fire the Stormhorses of Benightment ride  
To trample with Chaos all Orientation to die!

...++++++Entropie hoch 100++++++...  
ZerrÄ-ttung - Zusammenbruch - Zersplitterung  
Der Mann aus dem toten Winkel IÄÄ,t tausend Sonnen  
wehn',  
Taumelnd All, dem sie zerflieÄ,en nach Reizschub  
StÄrke 10.

The Stringfevers detonate  
Between nauseating Fingertips  
Pulled by Urges from Moment  
To Moment headvoiceforsaken.

...++++++Entropie hoch 100++++++...  
ZerrÄ-ttung - Zusammenbruch - Zersplitterung  
Der Mann aus dem toten Winkel IÄÄ,t tausend Sonnen  
wehn',  
Durch Alplebens traumrig Schritte nach Reizschub  
StÄrke 10.
