Fractal Din Cluster intersensory
Input-Overload to fulgent Pande-Monads
Oligarchy of the thingest Stimulus
Triniconglomerate beyond the Scale.

The Windfluxes sing through Nightsplitters
in derangemental Stings
raving Knouts of the diaphanous
Static-Catafalque.

Memories on Memories on Memories
Thoughts on Thoughts on Thoughts on Thoughts

Rainpins breathes the Air on all numb Sensegates,
Sluiceblockades are to release golden Bells.

Nervecrackling-Wounds bombard last sane Craters
and Perception-Konstrukts dissolve into Lightpoints
