Ooh  
Hey  
Hey eh eh

It's been a while since I've heard from you  
For so many nights I've contemplated  
On what you're going through baby

It seems like everything is changin' now  
'Cause we don't show love to each other  
The way we used to

Please believe that I want to truly understand you  
And if open up baby, I promise to try  
Try to give what you need to show you that I'm willin'  
To listen with my heart and let go of my pride

You're my lovely  
You're my lovely  
You're my baby  
You're my lovely

Maybe I've been too possessive baby  
I know that I've tried to control you  
And rule your everything  
(Your everything)

But if you  
(But if you)  
Can give me something  
(Give me something)  
That I can focus on

Want you to know that I've decided  
For you  
(For you)  
I will change

So, please believe that I want to truly understand you

I know there's something's wrong, I can feel inside  
So I want to hear what you need, show you that I'm

willing  
To listen with my heart and prove to you your my

You're my lovely  
You're my lovely  
You're my baby  
You're my lovely

I took it for granted  
That you'd always be by my side, oh yes  
And now there's a chance  
Oh, that I might be loosin' my lovely, ooh, yeah

You are my lovely  
(You're my, you're my)  
You are my baby  
(My my my my my lovely)  
You are my lovely  
(You're my, you're my)

You're my lovely  
My lovely  
You're my baby

Yes you're my lovely  
My lovely  
You're my baby

You're my lovely  
You're my lovely  
You're my baby  
You're my lovely

You're my lovely  
You're my lovely  
You're my baby  
You're my lovely

You're my lovely  
You're my lovely  
You're my baby
