Gotta take our time, take our time
Gotta take our time, take our time

[Cassandra]
Can't comprehend it baby
Why I feel this way
I think about you boy
Till the point it's buggin' me
It brought about this
Kinda unexpected energy
I never knew
I had inside of me

Bridge (Cassandra)

I need you to understand
I intend to make you my man
You just gotta realize
This is not a game, it's how I feel inside

So we better

Chorus

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

[Charisse]
No matter how I try
I just can't deny (whoop whoop)
The way you make me feel
Wit' ya sex appeal (whoop whoop)
You got what I want
Everything I like (whoop whoop)
You take all of me

With no sympathy (whooooo)

Bridge (Charisse)

I want you to understand
I intend to make you my man
You just gotta realize
This is not a game, it's how I feel inside

So we better

Chorus
Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

[Edmund Clement]
Whatever you want baby
Whatever you need baby (whoop whoop)
I'll make you slow down
No matter what I'll be around baby (whooo)
You can trust me
Satisfaction guaranteed (whoop whoop)
Anytime and anyplace
I'm into you and only you (whoooo)

Chorus

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

Take our time (whoop whoop)
We can flow
So that we can both flow on the same tempo
Take our time (whoop whoop)
So that we can both flow on the same tempo

Chorus

Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo

[Acapella out]
Take our time
Baby cause it's only right
We just need to take it slow
So that we can both flow, on the same tempo
