From evening to morning  
and morning to evening  
I wanna drink  
something stronger than a man  
From evening to morning  
and morning to evening  
I wanna drink  
cause that's what I am  
Beer, beer  
I want beer  
from beer I get really drunk

Beer, beer  
I need more beer  
so much I pass out  
For beer I'm working  
for beer I'm fighting  
for beer I'll do  
whatever I have to  
when drunk I'm talking  
when drunk I'm joking  
when drunk I can be as I've  
always wanted to be
