I've wandered with the folk of the woods  
Wisdom I've learned from the oldest one  
He said: "do not fear me"  
And led me to downwards  
I saw big aperture in the ground  
When he asked me a question  
"Do you know what is this hole in the ground,  
Do you know the meaning of this?"

I wondered and wondered  
'Cause I knew  
If I won't know the answer  
I'd never get a shaman drum and personal ability  
I wondered and wondered  
'Cause I knew  
If I won't know the answer  
I'd never get a magic drum and personal ability

Oh yes, this is the place, where you've get  
Your spirit to your voice  
We stepped through into the earth  
And we walked to the river of witches  
The river flows two ways I saw  
And the old man had a question  
"You see the water flowing both ways  
To the south and north  
Do you know why, do you know why?"

I wondered and wondered  
'Cause I knew  
If I won't know the answer  
I'd never get a shaman drum and personal ability  
I wondered and wondered  
'Cause I knew  
If I won't know the answer  
I'd never get a magic drum and personal ability

I wondered and wondered  
'Cause I knew  
If I won't know the answer  
I'd never get a shaman drum and personal ability  
I wondered and wondered

'Cause I knew  
If I won't know the answer  
I'd never get a magic drum and personal ability, and  
personal ability

Then I saw old grey wolf, it came to me  
And whispered to my ear:  
"The northern flow born from the water which dead has  
been bathed and the southern flow born from the  
water which washed a new-born child"  
Old man looked at me and the wolf he said:  
"Now you have a leader and the truth.  
When we go back home, you'll have your drum of your  
own  
And you'll know how to use it"
