Hungry (fade) X5

You're like a child with old eyes  
Cynical, sensible, always full of surprises  
You travel far and wide  
Lookin' for the feeling lost inside  
They don't understand you, no  
Until it's too late  
With everything they've handed you on a silver plate

Are you hungry, for a little more than what you've had  
before?  
Are you hungry, for a taste of life to wet your appetite?  
Are you hungry?

Hungry (fade) X3

Now give me this mountainside  
Cool water to lie beside  
Give me these two strong eyes to see the difference  
between truth and lie  
Or give me this feeling when you kiss me baby every  
day and every night  
That's all I need, yes everything else, is gonna be  
alright

Are you hungry, for a little more than what you've had  
before?  
Are you hungry, for a taste of life to wet your appetite?  
Are you hungry?

Hungry (fade)

You're like a child with old eyes  
Cynical, sensible, always full of surprises  
You travel far and wide  
Lookin' for the feeling lost inside  
They don't understand you, no  
Until it's too late  
With everything they've handed you on a silver plate

Are you hungry, for a little more than what you've had  
before?  
Are you hungry, for a taste of life to wet your appetite?  
Are you hungry?
