He looks like me
But not so haunted

Eyes like the sea[break]In storm[break]In torment
How can a body so frail
Contain this spirit

This creature I see

We're taking an avalanche
And lifting it up again

I've been high enough
To get to where I wanna go (ooh)

And living another day
Won't keep me out of touch

I'll find you some day
Got to get you out of this somehow I know

He looks right through me
So unprotected
His only legacy
Returned
Rejected

So young so free
So old and ridden

Oh what you see

We're taking an avalanche
And lifting it up again

I've been high enough
To get to where I wanna go (ooh)

And living another day
Won't keep me out of touch

I'll find you some day

Got to get you out of this somehow I know

He's nothing like me
So wrong and wretched

Your safe reality
Is living in sketches

And live out happiness
With no explanation

And peer out at the world

We're taking an avalanche
And lifting it up again

I've been high enough
To get to where I wanna go (ooh)

And living another day
Won't keep me out of touch

I'll find you some day
Got to get you out of this somehow I know
