Catch you

You create misery, have your cake and eat it
Take your place in history, and pray we don't repeat it
Call it fate, call it back, call it off, don't call me later
Lay your head in your bed, it's just how you made it

Out off my way I'm running, I'm gonna catch you if I
can
Out off my way I'm coming, I'm gonna catch you if I
can
Out off my way I'm running, I'm gonna catch you if I
can
Out off my way start running, I'm gonna catch you

It's your day believe it, it's your date with destiny
It's to late to leave it, after all it's your it's your
party
Call it luck, call it fate, call me beautiful to my face

Call it out to my to surprise, it's just how you made it

Out off my way I'm running, I'm gonna catch you if I
can
Out off my way I'm coming, I'm gonna catch you if I
can
Out off my way I'm running, I'm gonna catch you if I
can
Out off my way start running, I'm gonna catch you

Out off my way I'm running, I'm gonna catch you if I
can
Out off my way I'm coming, I'm gonna catch you if I
can
Out off my way I'm running, I'm gonna catch you if I
can
Out off my way start running, I'm gonna catch you

Catch you
