In silence and forgotten
Is where I'll be
Till a gentle hearted stranger
Rescues me
Talk to me how you comfort me

I'm bitter and I'm twisted
Turn me out
And still I am addicted
To fear and doubt
Cut it out

I'm coming home now, baby
I'm coming home
I'm coming home now, baby
I'm coming

I'm coming home now, baby
I'm coming home
I'm coming home now, baby

See the world through a window
A thousand miles
But in my heart I'm drifting
To your tired eyes
Close your eyes

The days push out a rhythm
On the open ground
I wanna be back where we started
Turn it round
Make it safe and sound

I'm coming home now, baby
I'm coming home
I'm coming home now, baby
I'm coming home

I'm coming home now, baby
I'm coming home
I'm coming home now, baby

Used to be so hell bound
Certain to find my place in the sun
But the sun's been shining every day
And my work is never done

Sometimes I, I feel I might be wasting my time
But then I wake up screaming
And realise I'm dreaming
And know it's finally my time

I'm coming home now, baby
I'm coming home
I'm coming home now, baby
I'm coming home

I'm coming home now, baby
Home
I'm coming home now, baby
