Recently I've been feeling kind of restless
Suddenly I'm remembering
There's no use in pretending

I'm not receiving cos you ain't sending
What I need, ah you just don't have it
What is this, some kind of force of habit

Stop, we start again
As it goes round
Repeat to fade

Come with me and you will see a new beginning
As we go round
Repeat to fade

Stop, we start again
As it goes round
Repeat to fade

Come with me and you will see a new beginning
As we go round
Repeat to fade

Recently I've been thinking, it's not easy
Finally I believe it
There's no use in pretending

I'm not receiving cos you ain't sending
What I need ah you just don't have it
What is this, a force of habit

Stop, we start again
As it goes round
Repeat to fade

Come with me and you will see a new beginning
As it goes round
Repeat to fade

Stop, we start again
As it goes round

Repeat to fade

Come with me and you will see a new beginning
As it goes round
Repeat to fade

Always goin' on

Stop, we start again
As it goes round
Repeat to fade

Come with me and you will see a new beginning
As it goes round
Repeat to fade

Stop, we start again
As it goes round
Repeat to fade

Come with me and you will see a new beginning
As it goes round
Repeat to fade
