"Light It Up"

Everybody time to light up time to gather in a circle
time to divvy up you got one
life to live- Start livin it up- pull a branch from your sack
lets roll one up- well I
understand if your runnin low- but if your holdin out see
you gotta go- I got no time for that
in the row row- no, no, no

One who does what he wishes is wise n free see
the free man is wise and the wise man is
free so if you ask me to hand you the key to unlock the
door to lifes mystery I grant you three
wishes so make em all count with sworn secrecy
there's no dollar amount wish one would be tons
of unlimited pounds of lof legalized chronic and
infinite sounds wish two would be miles and
miles to roam with no borders or rules planet earth
would be home wish three well that's kind
of easy to me there'd be peace, love and equality

Everybody time to light up time to gather in a circle
time to divvy up you got one life to
live- Start livin it up- pull a branch from your sack lets
roll one up- well I understand if
your runnin low- but if your holdin out see you gotta go-
I got no time for that in the row row-
no, no, no

Mary Jane is who I dreaming of
The one I adore
And the one I love
The beautiful lady
She so so sweet
My for everlasting love
That I always wanted to meet
Know all my friends say
That she got a good vibe
An ever time they see her
She get's em high
She so so sly
And she my flyest baby
The one and only Mary

That drives me crazy
No we feel so good
You can't deny
Are sprits together?
Will never die
You and me will always roll
I never wanna see
The day that you go

So stoned wow oh!
My love she knows
Together we stand
And they're no turning back
I want you in my life
Will you please be mine?

Everybody time to light up time to gather in a circle
time to divvy up you got one life to
live- Start livin it up- pull a branch from your sack lets
roll one up- well I understand if
your runnin low- but if your holdin out see you gotta go-
I got no time for that in the row row-
no, no, no

Now when the Night is done and most the people gone
home
And you're surrounded by your friends, with them
you're never alone
Gather in a circle, fire up a fat cone,
And if you hit it right, you'll be getting stoned all night
long
Favorite song on the radio playin
And you're family's all around you, if you know what
I'm sayin
The feelin's tight with lots of smoke in the air
You're just bein yourself, cause good times is true
wealth
Now I've been through it all from the thick to the thin
I Fought in many battles, some I did not win
You take the good with the bad, you gotta play what
you're delt
And mary's love helps to ease all the pain I felt
So this I dedicate to her, May she one day be free
Free to grow upon this earth, and free to reproduce
seeds
Free so all my fellow brethren can breath easily
And free so we can live in peace with unity

Everybody time to light up time to gather in a circle
time to divvy up you got one life to
live- Start livin it up- pull a branch from your sack lets

roll one up- well I understand if
your runnin low- but if your holdin out see you gotta go-
I got no time for that in the row row-
no, no, no
