Richter can you go ha ha ha
Richter loves p-town he go that shit all over his body
you crazy man
who's got the nitrous tank thanks yep i'm ready for
another one here it comes yo can you hear
that sounded like the doorbell but my heads still ringin'
so i just can't tell fill up my balloon ready for
another oh brother here we go again
oh fuck where have all the people gone
i'm gonna sit and ? right in front of the tank goin' living
room fishin' people
disappearing and the tank we're missin'
i'm by myself now i'm back at the crib wonderin'
how the fuck i got here and just what i did hippy hippy
crack damn
sure was fun but after sucking two bottles i am
definitely done yo richter can you go...
