Aint nobody fuckin with this punk rock shit.
Nowadays its like its getting colder from the kids,
What happened to the music in the old school rips?
That O.G. O.C. give a fuck bitch,
D.I. and downs toke-a-town klick.
No escapin in this mob put it down,
Watch the crowd bleed for these kids from P-Town.

[J-Ric]

Yo, I feel trapped like theres no way out,
Stuck in a rut goin in circles round and round,
No one to turn to nowhere to hide,
No escape from this place i've been sent to die.
I aint going out like this eat a dick,
No walls to hold me im breakin out of this shit.
One last ditched effort all I got left so, catch me?
You can't stop this plus you're runnin out of breath
OOHHH!!!

[Daddy X]

I've been sent from the highest powers,
Self destroyer blip then devour,
Rip-n-tear til my final hour, theres no escape from the

watchful towers,
Born free into critical condition, enemy of the state by
my own admission,
No escape no time for submission, see things clear
from my red eye vision.
(theres no escape) it's like a prison on its darkest day.
(no escape) incarcerate your mind til theres no escape.
GO!
