Life ain't funny when you ain't got no money
And that clock strikes 4:20 and you wanna get high
No bills get sent and you can't pay the rent
Everyday I get bent yo, so that I can get by
I'm moanin on and on kickin' lits from beyond
Planet Budtron, BSO stay on
Kottonmouth Kings got them dope tracks
1605, yes they got my back
I'm buckin your booze cause you smoke crack
I get the munchies and I eat a greasy Big Mac
Finding me smoked out ain't unlikely
That's why my homies call me D to L-O-C
You'll catch me at a party deep in OC
Representing that punk rock stylee
When I'm on the mic I make the crowd move
To escape reality I bust my own groove
Ladies on the floor say you're so smooth
I wink my eyes in reply, they says "Real cool"
Life ladies wouldn't understand me
Sense coincide to be in anarchy?
Skate in my hand cause I'm like that
Bust a circle off the curb cause I'm real phat

Life ain't funny when you ain't got no money
And that clock strikes 4:20 and you wanna get high
No bills get sent and you can't pay the rent
Everyday I get bent yo, so that I can get by
On and on taking rips from the bong
Planet Budtron, BSO stay on

I'm D Loc, go ape like shit
Smoke bud with the king click
Don't trip, but addicted full throne
Cant stop smokin that homegrown
I got a fat blown acre out in Riverside
Hall brooke locals, the kings reside

E Loc, G Mac, Big Hoss in the pen
BJ, Gweedo, and my boy Efrem
I go cocoo for cocoa, chocolate thai
Smoke bud till I die, if you wonder why
Stay high like a black fly

And then I sigh, buzzin like a busy
Biz-I bye bye bye

Life ain't funny when you ain't got no money
And that clock strikes 4:20 and you wanna get high
No bills get sent and you can't pay the rent
Everyday I get bent yo, so that I can get by
On and on taking rips from the bong
Planet Budtron,BSO stay on

I break tapper in the gut of this legislate
Push em tap and I watch em slowly drain out

I'm blockin half pipes here to skate to
Launch rip rail slide slid it real smooth
No skateboard but it was still cool
