Magic mushrooms x-tacy, cannibus, ludes, and GHB  
uppers Â-n- downers and THC blues  
and vics and acid on sheets

*[JR:]* Hey yo Loc

*[D:]* WhatÂ's up Johnny Richter?

*[JR:]* I still sport the same frame, I just changed the big picture

*[JR:]* Now ImÂ'a sit your ass down right in the front row

*[JR:]* To let you know how we smoke at a Kottonmouth Kings Show

*[D:]* You know we do it, did it, doin it again

*[D:]* I need at least ten tokes for my day to begin

*[D:]* A big sack of the chronic, cause you know IÂ'm always on it

*[D:]* Steady smokin out the glass, got the plastic go and pawn it

*[JR:]* And get a refund check, I bet you sell your mammaÂ's drawls

*[JR:]* You keep bouncin like my balls off the walls just because

*[JR:]* You want a piece of what I got plus a sack of my pot

*[JR:]* Think youÂ're really gonna get it, thought wrong, I think not

*[D:]* We pulled up at Four Twenty in the old rotation

*[D:]* Rolled up on the homies, like what you blazin

*[JR:]* They said some purple kush

*[D:]* That they got from Riverside

*[JR:]* But I knew they was fakin, the shit barely got me high

Everything looks the same- but everything feels so differently- and I donÂ't know if its just all in my head or if IÂ'm losin my sanity- My smokin my drinkin is foggin my thinkin thatÂ's what they all keep tellin me- and faces-n-places keep changin erasin and everything feels so strange to meÂ"

*[JR:]* Now we out on the road, different city every night

*[JR, D:]* Different hoÂ's every night, different flows

every night

[D:] We stay drunk off Bud Light

[JR:] So fuck the Malt Liquor

[D:] We drink beer by the can, cup, bottle, or pitcher

[JR:] You'll see us onstage faded straight buzzed as fuck

[JR:] You'll hear us bumpin down your block when we're in our trucks

[JR:] - - - - That's what's up, damn I blew another wooper man that's just my luck

[D:] Well that's your luck, I hope mine's better than that

[D:] As I tilt down my hat, and twist off my beer cap

[JR:] Yeah, Loc's kinda crazy doin 80 in the dirt

[JR:] With his bike in the back and a beer in his lap

[D:] I don't feel the hurt, when it's time I go bizzerk

[D:] Third gear buckled, shit didn't even hurt

[JR:] Well you know I seen the footage, and the film don't lie

[JR:] Knocked the wind out his chest and straight blackened his eye

Everything looks the same- but everything feels so differently- and I don't know if its just all in my head or if I'm losin my sanity- My smokin my drinkin is foggin my thinkin that's what they all keep tellin me- and faces-n-places keep changin erasin and everything feels so strange to me"

[D:] I'm feelin so strange with the addition of pills

[D:] Poppin little tiny blue things with no time to kill

[JR:] Eat the mid-sized whites, they'll keep you rollin' till the mornin'

[JR:] Take one with a chick, you know that night you might be bonin'

[JR:] D-Loc

[D:] Whoa ..

[D:] I'm feelin kind of strange and I'm out of control

[JR:] Ya know the big ol fatties are the Tylenol 3's

[JR:] And the orange ones I got come straight from overseas

[D:] You know how I do it, wakin up everyday

[D:] Drinkin beers in my bed, waitin for a lady to play

[JR:] And I love being on one, two, three, or four

[JR:] Looped, staring at the ceiling with my back on the floor

[D:] five, six, I rolled out with my Dick

[D:] I called this bitch, she was a lil ass trick

[JR:] Now we not saying it's right, but strange is how we're livin

[JR:] Just goin through life having fun with what we're  
given

Everything looks the same- but everything feels so  
differently- and I don't know if its just  
all in my head or if I'm losin my sanity- My smokin my  
drinkin is foggin my thinkin that's what  
they all keep tellin me- and faces-n-places keep  
changin erasin and everything feels so strange  
to me"
