I don't know where I'm going  
But I know where I've been  
I went from having a little to having a lot  
I came from the bottom now I'm standing on top

[Jonny Richter]

Sometimes I lay awake at night and try to figure it out  
Is my life going north or is it heading south  
I'm walking a fence between wrong and right  
Trying to keep a level head try to keep my goals in sight  
It's hard as hell in this world today friends  
I've known for many years started acting strange  
Things I cared about before seemed to fade away  
Now I'm left with these questions of when a miss will change

"When is the train gonna get back on track  
When am I even gonna care bout that  
Why am I the one always delt the bad cards  
Took the easy the road so long and now my lifes hard"

Still I try to make it work out for the best  
And I know I've gatta clean up all this mess  
If I knew when I started where this all would end  
I think I'd probably do it all over again

[Chorus]

I don't know where I'm going  
But I know where I've been  
I went from having a little to having a lot  
I came from the bottom now I'm standing on top

I don't know where I'm going  
But I know where I've been  
I've seen some people cry cause loved one's die  
I've looked in people's eyes when told some lies (yeah)

[D-Loc]

Skies are blue and the trees are green  
Going to the place where life falls in between  
The beautiful hills mountains and streams

The Mans country with my women living free  
Stay on my path follow my road  
Do all the right things to achieve my goals  
Perusing my dream in life I lead  
Become who I want when I want anytime I please  
I no where I'm going  
If I keep it on track  
Just stay on my line only time will tell  
I pray to the one over looking my trail

[Chorus]

I don't know where I'm going  
But I know where I've been  
I went from having a little to having a lot  
I came from the bottom now I'm standing on top

I don't know where I'm going  
But I know where I've been  
I've seen some people cry cause loved one's die  
I've looked in people's eyes when told some lies

(Daddy X)

I've been criticized  
For speaking my mind  
Been baptized in lies  
Given bad advice  
Here's a word to the wise  
Never compromise  
Watch your back  
As you watch your ends multiply  
Look a man in his eyes  
And never ever say die  
Keep your eye on the prize  
And you'll stay on the rise  
I'm a king world wide  
And my roots stay on the ground  
I've been behind the glass but I always rebound  
Outlet quick live life in the fast lane  
Inbound Outbound my stride don't change  
Stay true to myself cause I created this game  
I got the whole world jumpin like the house of pain  
(jump)

[Chorus x2]

I don't know where I'm going  
But I know where I've been  
I went from having a little to having a lot  
I came from the bottom now I'm standing on top

I don't know where I'm going  
But I know where I've been

I've seen some people cry cause loved one's die  
I've looked in people's eyes when told some lies  
Where are we going and (where it end) [x11]
