Intro

I L-O-V-E YOU.

Verse 1

I know you see me looking at you and the way our eyes
connect I can tell.

If you just let me be your lady baby I promise you I
won't fail.

I don't really know if you're tryna be rude, playing lil
games or if you don't see.

What I gotta do to get close to you and show you all the
things that this love could be?

Bridge

I might just be wasting time. Cuz you never seem to pay
me no mind.

I do these things to show I adore you. Do I really have to
spell it out for you?

I might just be wasting time. But I really wanna make
you mine.

Since you're not gonna make the first move. I guess I
just gotta spell it out for you.

Chorus

L-O-V-E I do. I love you, and I want you to love me too.
(2x)

Verse 2

Everything I do, I do it for you from brand new outfits to
high heel shoes.

Where ever you are I pass by your way just to hear you
speak, you make my whole day.

My girls say I'm dumb for running behind you, but you
stole my heart and I just can't stop.

So what I'm gonna do is come up to you, lay it on the
line gotta make you mine.

Bridge

I might just be wasting time. Cuz you never seem to pay
me no mind.

I do these things to show I adore you. Do I really have to
spell it out for you?

I might just be wasting time. But I really wanna make
you mine.
Since your not gonna make the first move. I guess I just
gotta spell it out for you.

Chorus

L-O-V-E I do. I love you, and I want you to love me too.
(2x)

Verse 3

So here we are face-to-face. Time's slow and my heart
starts to race.
I can't find the breath to speak. Open my mouth my
knees go weak.
I'm trying not to look stupid. But boy I've been struck by
cupid.
You're the one I've been waiting for. Open up your heart
I gotta have you.

Chorus

L-O-V-E I do. I love you, and I want you to love me too.
(2x)

Ad Libs

I love you baby.
I want you in my life. Hey.
I'm playing these games with you.
I'm playing myself for you.
Cuz I'm waiting round for you. Hey, aye.
I love you, yeah, I love you yeah.
And I want you to love me.
I love you yeah, I want you yeah.
And I want you to love me too.
