Do do do do do do do do
Do do do do do do

Well, I don't know when you learn it
But when you learn it you learn it fast
They're the ones who love to learn
And they're not fast they're nice guys
They finish last

They're waiting and wondering
Where did I go wrong

Don't be good, don't be good
Don't be good to me
Don't be good, though you should
That won't work you see

Do do do do do do do do do do do do do do do do do do

Well I don;t know when I learned it
But when I learned it I learned it fast
They;re the ones that love to love me
They're not fast they're nice guys
They finish last

They're waiting and wondering
Wondering where did I go wrong

Don't be good, don't be good
Don't you be good to me
Don't be good, though you should
That won't work for me

Ah ah ...
Ah ah ah ah ah ...
Ah ...

Waiting and wondering, waiting and wondering
Wondering where did I go wrong
They're waiting and wondering
Waiting and wondering, wondering

They're waiting and wondering
Wondering where did I go, oh

Don't be good, don't be good
Don't be good to me
Don't be good (don't be good)
Though you should (though you should)
That won't work, you see
Don't be good (waiting and wondering)
Don't be good (waiting and wondering)
Don't you be good to me (wondering where did I go
wrong)
Don't be good, though you should
That won't work, you see
So don't be good to me (don't be good, don't be good)
Don't be good to me (don't be good, don't be good to
me)

Don't be good to me, good to me, good to me, good to
me, good to me
You're so good for me, good for me, good for me
