What's this life anyway
What's it to you and me
What's it to anyone
Who are we suppose to be

Make me a storybook
And write me away from here
I need it different now

Where we can
Wear each other
For a while and I'll lend you my tears
If I could borrow your smile
And we'll get through tomorrow
Some other day
Happy after
Once upon these days

It's four roads to anywhere
Four ways to everything
We were unbreakable
We spoke our destiny
Lets take a moment now
Oh and go where we never go
Lets make a new world now

We're we can
Wear each other
For a while and I'll lend you my tears
If I could borrow your smile
And we'll get through tomorrow
Some other day
Happy after
Once upon these days

And then when though we'll find
What were looking back on this time
Wondering how we've come so far
From this and when we close our eyes

What's this life anyway

What's it to you and me
What are we doing here
And who are we suppose to be

I'll take a better world
Oh I'll take anything
I'll take out a little more now

Where we can
Wear each other
For a while and I'll lend you my tears
If I could borrow your smile
And we'll get through tomorrow
So much today
Happy after
Once upon these days
Once upon these days
Once upon these days
