You're a psychedelic man
You're an end that just began
The scales you're playin' are amazing
The clouds you're on are a chasing
You're the techni-colored skies

(Oh, yeah)
Reflecting diamonds in my eyes
Aha, aha, aha,aha
You're a psychedelic man
(Oh, yeah)
You're an end that just began

The way you move is amazing
Your falling tears are raising
All of your words are phasing
The dreams you're in are amazing

The way you move is amazing
Your fallin' tears are raising
All of your words are phasing
The dreams you're in are amazing
