I'm in deep agony now  
I remember to all my life,  
Don't hear sincere crying over me  
My last appeals are boring

My last headstrong wish  
Bury in coffin, no cremate  
I'm dry pale body  
Only my death is welcome

Cample me for this state  
I can't defend oneself  
My eyes before hand close  
Nobody don't say nothing

Convict to contempt  
Convict to contempt

My life is end off  
All are glad of my death  
Put intotin box my ash  
My name is oblivion

Convict to contempt  
Convict to contempt
