Pacifistic death, in the middle  
Of rot bodies  
Guns is full of blood  
They're kill like bullets

Mortal, mortal pain  
Seek for final hope  
Rituals of death  
Man is fully stiff

Sadistic thought, you're teach to kill  
Slowly torture to death,  
Bring the satisfaction

You're reek, you're run,  
You're headless kill  
Aren't torment but torment  
You've like slowly cooling dawn blood,  
You're teach dying by the death  
Pacifistic death  
Pacifistic death

Schism your own acts  
Bestials but effectives  
Is the century of dying  
Rot off much the innocents

You're reek, you're run...

Pacifistic death  
Pacifistic death
