how many times have I sat drinking my tea?
how many feelings are loose within me?
cant really hear what you want me to see
you come and go just exactly like you please
you dont give me no explanations
you dont give me any explanations

cosmic structures and I'm breaking down walls
I'm caught in a garden so I hide behind them all
I could be your hired help, you could fire me at will
and you will, yea you will
you dont give me no explanations
you dont give me any explanations
you just tell me your fears

so read me the letter I dont want to write
I dont want to hear if you'll stay through the night
I taught you to feel and you taught me to see
everything about you, is everything like me

I'm just like you, I'm just like you and your just like me
I'm just like you, I'm just like you and your just like me

so read me the letter I dont want to write
I dont want to hear if you'll stay through the night
I taught you to feel and you taught me to see
everything about you

I'm just like you, I'm just like you and your just like me
I'm just like you, I'm just like you and your just like me
