We are the best of friends
Our friendship will never end
You always listen to me
Never trying to hurt me
We never ever fight
Cause we are so right
And that's what I like
About us, bout you
And that's what love is

Chorus

No need for a fresh start
I like it the way we are
You're always in my heart
Cause I love you, I love you, I love you.
Come and stay with me
Don't even try to leave
Cause we are so happy
And I love you, I love you, I love you.

I love you and you love me
We take love seriously
Fun and love ain't the same
And it's not a game
Love shouldn't be pain
And that's love OH!

Chorus

No need for a fresh start
I like it the way we are
You're always in my heart
Cause I love you, I love you, I love you.
Come and stay with me
Don't even try to leave
Cause we are so happy
And I love you, I love you, I love you.

Maybe we should tell the whole world
Every boy and every girl that

I love you, I love you, I love you.

Chorus

No need for a fresh start

I like it the way we are

You're always in my heart

Cause I love you, I love you, I love you.

Come and stay with me

Don't even try to leave

Cause we are so happy

And I love you, I love you, I love you.

Yeah I love you, I love you, I love you.

I love you, I love you, I love you, I love you,

I love you, I love you, I love you, I love you,
