Get your silk suits on - get your silk suits on  
Ain't nobody else that's got it goin on  
Get your silk suits on - get your silk suits on  
I love it baby when you got your silk suits on

I wanna tell you something - I wanna tell you right now  
I'm gonna tell you one thing  
And there's one thing baby that I'd like to say  
That your silk suits look good honey any old day

Get your black dress on - get your black dress on  
Ain't nobody else that's got it goin on  
Get your black dress on - get your black dress on  
I love ya baby when you got your black dress on

I wanna tell you something - I wanna tell you right now  
I'm gonna tell you one thing  
And there's one thing baby that I'd like to say  
That your black dress looks good honey any old day

Get your sneakers on - get your sneakers on  
Ain't nobody else that's got it goin on  
Get your sneakers on - get your sneakers on  
I love it baby when you got your sneakers on

I wanna tell you something  
I wanna tell you right now  
I'm gonna tell you one thing  
And there's one thing baby that I'd like to say  
That your black sneakers good honey any old day

Oh yeah put your sneakers on  
Oh yeah put your black dress on  
Oh yeah put your silk suits on
