Little children, you better not tell on me...  
I'm tellin' you.  
Little children, you better not tell what you see...  
And if you're good...  
I'll give you candy and a quarter  
If you're quiet like you oughta be  
And keep a secret with me

I wish they would go away  
Little children, now why aren't you playin' outside  
I'm askin' you  
You can't fool me, 'cause I'm gonna know if you hide  
And try to peek  
I'm gonna treat you to a movie  
Stop your gigglin', children do be nice  
Like little sugars and spice

You saw me kissin' your sister, you saw me holdin' her  
hand  
But if you snitch to your mother, your father won't  
understand

I wish they would take a nap  
Little children, now why don't you go bye-bye  
Go anywhere at all  
Little children, I know you would if you tried  
Go up the stairs  
Me and your sister, we're goin' steady  
How can I kiss her when I'm ready to  
With little children like you around  
I wonder what can I do around  
Little children like you
