I rub my eyes in disbelief at what I see
You draw me in, It's dangerous your dirt is clean
Must to surprise I've felt your eyes warm up to mine
You must have men till time will end I'll stand in line
(Pre-Chorus)

I'm waiting for us to collide
I feel your touch from inside
(Chorus)

You're so fly
You're so
You're so fly
Let's roll
You're so fly
You're so
You're so fly
(Verse)

You call me up from day to day out of the blue
Identified and realized I need to move
I never saw, no not at all how much you lied
I never cared cause I love you more than I could write
(Pre-Chorus)
It's not like I came to beat you down

A letter that I never found
(Chorus)

You're so fly
You're so
You're so fly
Let's roll
You're so fly
You're so
You're so fly
(Bridge)

I was nothing
I feel nothing
I have nothing
I love nothing
From a blind side it out of that
I take it out smooth with a sneak attack
And I let out air so hard I scream
In a strangle choke hold till you start to bleed
Back up you'll never get it

Back up you'll never get it
(Chorus)
Your so fly your so
You're so
You're so fly
Let's roll
You're so fly
You're so
You're so fly
