(Spitting up blood!)

Wait I see it

A face in what I know

Smiling at the bullet

Watch it as I grow

(Chorus)

Spitting up blood and I can't love you like that

Oh I burn

(Verse)

I can see right through you

And the life you just can't take

Your skin grows pail, and lips turn blue

Your happiness that's fake

(Chorus)

Spitting up blood and I can't love you like that

Oh I Burn

(Bridge)

Wait you mother fuck what's up

I got a ball bat to send you out straight to that way

I got it, I need it, I want it, I feed it

Jumping out of my skin for your guilt trip diseases

Coming right back coming back, back for your back

Ripping out my pride so I'll never die

I'll never try to play that game

The way you come is the way you want to change

And you change

(Outro)

With life coming back slap you in the face

Bitch

Yeah
