The bubbles reach the surface of your watery new  
home  
The pastel fragrance stains the room of where you  
made her moan  
Evidence to take your air and force it through the pain  
Evidence to hold your life and let it slip away  
(Pre Chorus)  
Made her cry  
It cuts her nice  
(Yeah)  
I photographed and silenced you by sewing shut your  
mouth  
And held a candle close enough to put the fire out  
Evidence of what you did of what you never do  
Evidence for pleasuring myself I torture you  
(Yeah)  
(Pre Chorus)  
Made her cry  
It cuts her nice  
(Chorus)

Well I won your sinking in  
Won't ever cross her path again  
You're crying like her  
I said your crying like her  
(Bridge)  
Scream for me  
I want to hear you bleed  
Like you made her  
Scream for me  
I want to hear you bleed  
Like you made her  
Made her cry  
It cuts her nice  
Well I won your sinking in  
Won't ever cross her path again  
You're crying like her  
I said your crying like her yeah  
I won your sinking in  
Won't ever cross her path again  
You're crying like her  
I said your crying like her

(Yeah)
