am I not enough
to keep you?
and I swear
to follow through on the promise you break
we've made up our minds
and we're sharin' our lives but
you threw it away again

I know what it is that I want right now
and this time I can't have what I want

choose a life of pain
and anger
convince me I'm a loser
I know
and I've tried
but you made up your mind
and you left me behind
all in the name of lies

I know what it is that I want right now
and this time I can't have what I want

goodnight, there, my sweet darlin'
do your choices make you happy?
in love, entranced, I'm wanderin'
I'm not whole and I will not be

I know what it is that I want right now
and this time I can't have my butterfly

goodnight there my sweet darlin'
do your choices make you happy?
in love, entranced, I'm wanderin'
I'm not whole and I will not be

You made this mess my angel
I believed you
what's this screaming?
you lied and I still love you
in my mind now
I am dreaming
