Before I put this rope down
I proceed to tie you up
No one here is, fearful of this
The pain because they know
(Verse)

Will you scream and suffer
And lie to save your life
No one here is, fearful of this
This anger deep inside

For
(Chorus)

Love you to pass away, and I
(Bridge)

Bleed more bleed
Bleed more
You want love forever and so you take away
My freedom I'm screaming why are you hurting me
I feel your hard knuckles, but I'm to scared to run

Quit laughing, don't choke me, my body's going numb
(Verse)

Before I take this rope off
The child I stole away
It pierced me with the blade, I fear it's too late to be
saved

For
(Chorus)

Love you to pass away, and I
You want love forever and so you take away
My freedom I'm screaming why are you hurting me
I feel your hard knuckles, but I'm to scared to run
Quit laughing, don't choke me, my body's going numb
