This can't be your fate  
Let you asphyxiate  
Below here I've lost myself  
Without you there is no one else  
(Pre chorus)  
This is all that I have  
Never wanted to be unstable  
(Chorus)  
For this you can take back all the things you have said  
in your life  
Until you're fine  
(Verse)  
Everyone seems so fake  
Is this too much to take?  
Alive and feeling more  
Than I ever have felt before  
(Pre chorus)  
This is all that I have  
We share our disease with love  
(Chorus)  
For this you can take back all the things you have said  
in your life

Until you're fine  
(Bridge)  
The feeling of this pail light feels nice  
The meaning of words just don't seem right  
Turn down and deny advice  
Can you feel the love that's blinding my eyes?  
Spin around I feel it burning  
Inside out I know it's turning  
Can you help me to appreciate?  
Can you feel the love that's blinding my way?  
(Chorus)  
For this you can take back all the things you have said  
in your life  
Until you're fine
