You're off in your own place
And I'm stuck here
I get into my car
And I ride around
How was I to know?
It would be the last time
That I would be alive
And I am calling you
(Yeah)
(Verse)
The stinging of my wounds
Makes me forget
The pain I feel inside
That I have let, get me where I am
And make me lose myself
I'm screaming out your name
And I am calling for you
(Chorus)
And it's ringing but nobody answers
I'm trapped and I can't get out of here
I know I won't make it out alive
I'm screaming I just want to talk to you

(Bridge)
You won't be stressed out now
I won't be here for long
But I scream your name
The gas reaches flame
(Verse)
You open your eyes now
And wake up to the day
You pick up your phone
There's a voice mail to play
You listen while you cry
While I tell you good-bye
I can not stay awake
And I am crawling for you
It's ringing but nobody answers
I am trapped and I can't get out of here
I know I won't make it out alive
I'm fearing I just want to talk to you
Yeah
