Ain't no love  
Ever since we've been together you've been playin' me  
close (playin' me close)  
I don't know why I play the fool and never read it before  
(read it before)  
I guess you thought I was some sucka but I'm lettin' you  
know (I'm lettin' you know)  
Don't even bother comin' home cause I'm lettin' you go  
(lettin' you go)  
I'm sick of playin' games, and the captain ain't gone  
save 'em  
She must be used to lames cause I believe she fakin'  
kray where  
I know I'm not the same, I'm one of a kind I'm not a  
faker  
So just take what you came with, peace, see ya later.  
[chorus]  
Cause you don't really love me, you're here for other  
reasons  
But I ain't goin' nowhere, cause you're the one that's  
leavin'  
It's like that girl, it's like that girl, it's like that girl, get  
your coat and hat girl  
It's like that girl, it's like that girl, it's like that girl, don't  
you come back girl

I don't know why you keep on twittin' me and callin' my  
phone (callin' my phone)  
I know it's you blockin' in numbers weep when nobody's  
home (nobody's home)  
You probably thought I'll never really ever leave you  
alone (leave you alone)  
Who would have thought you would be the topic of  
writin' my songs (writin' my songs)  
But it's funny how you change attitude and  
conversation  
I guess it was my fame took up all your concentration  
But it really ain't no thang, I don't need no obligation  
So just take what you came with, peace, see ya later.
