The time has come
Let us unite, mount
My heavenly Father's children
(My heavenly Father)
The time has come for judgement
Armageddon

False prophets never blend in
For we are
(We are)
Revelation angels descending
(My lordy, lord)

From our sins no need to pretend
Who provided me oxygen I loved since I began
Prayin' you wash away my sins
Babylon the great has fallen, offsprings of the wicked
one crawl

Fearin' that their Lord is calling
Blessed be the sins of the Almighty
Destination of any others burn eternaly and waste in
heat

Oh, look what we've been done
What have brung, brung, brung?
Oh, look what we've been done
What have brung, brung, brung?

Oh, look what we've been done
What have brung, brung, brung?
Oh, look what we've been done
What have brung, brung, brung?

Oh, look what we've been done
What have brung, brung, brung?

It's Armageddon, pay attention
You better recognize the end is coming
You'll be wishin' it wasn't time to die
'Cause I can see and I can feel it

It's all in my bone
And ain't no tellin' when you living
You're dead, you're gone for sure
We go through this war I thought you knew

It's time to recruit
And you and you, you better be prepared to shoot
So look out, boy
(And you're runnin' and you're coming)

Uh, oh, uh, oh, no, no, not the evil system
Armageddon bring new kingdom
Hey tell me where you're runnin' to
'Cause when I find you you're marked by the beast

So you're not a survivor
So it's time to die, kiss ourselves goodbye
The whole world bites the dust, couldn't live while
corrupted up

Enough get up and get yourselves together
Get your kids 'cause they're rebellion got to learn 'em
with a lesson
It's taught you're brought caught up in your web

And it's your fault got no pulse
Armageddon will have you broke off
But still you don't wanna learn, learn
Standin' too close to that fire, get burned, burned

Muder is coming to ge us, believe me
It's seekin' to find your future
The feeling I get when it's creepin'
Now police have been killin' [unverified] us [unverified]
to ger rid of us

What you want? I'm sick of the world, putting us all in
coffin
But y'all don't feelin' me now
How silly can we be? It's Judgement Day as we speak

And it ain't no other road, no death is the only way to
go
So murder is comin' to get us, pin us, all within time
Armageddon, geddon, geddon

Armageddon
The end is coming
You better get ready for Armageddon

Armageddon destruction rollin' over us in murderous

ways
Killin' you everybody
See did anybody pray?
But it's much too late

If you have not been told on Judgement Day
Bloody fate and you can't say wait
Could you imagine seeing life end and I mean your life
just flashing
Poof, gonna do? Gonna do?

Do you wanna live the rest of your life?
Or do you wanna die with the rest of your life, life?
Somebody calling me telling me you better get up, the
end is comin'
It's comin' they comin' and yes I believe it, I know it

I know it's near look here, ha you
Ain't trying to be outside when the sun no longer shine
That's right, that's right, that's right
Now look at you burn

We're lost fallin' from the ground, law free we are
Freedom from po po, we don't need 'em no more
And I hope you catch the first blow

I'm flipping much praise to the Lord above me
No one can change that
I know the difference between life and death
And while you lie back thinking your life you're gonna
live forever

Who put you on that level?
It was a lie would be nice
Souljah Boy'll treat you better
Never put anything before your children

Honor your mother and father
You're going to live forever in the kingdom, peace
The Maker, He got something for us
He gave us life y'all
And He's gonna have to destroy us, gonna break us off

Armageddon
The end is coming
You better get ready for Armageddon

And there shall be great earthquakes
And the sun becomes as black as sackcloth
And the moon as blood
And the stars of heaven shall fall unto the earth

Even as a fig tree cast her untimely figs
When she is shaken of a mighty wind
And the heavens, the heavens will depart as a scroll
And it is the roller together

And every mountain and island will move out of their
places
And the kings of the earth, and the great men and the
rich men
And the chief captains and the mighty men and every
bond man
And every free man, shall hide themselves in the dens

And in the rocks of the mountains
And shall say to the mountain and the rocks
Fall on us, fall on us and hise us fro the face of him
That sit upon the throne

And from the wrath of the Lamb
For the great day of His [unverified] has come
And who shall be able to stand?
Who shall be able to stand? Who shall be able to stand?
