I roll wit da thugs on the Clair
Pump a slug and I dare
You to run up on Leathaface
For fuckin' wit Bone

duck n' You better pray
Thugged out on the darkside
where niggas is dumpin'and slangin and swangin
they murda peep when the narcs ride
Me runnin' me tossin' me llello
me not tryin' to serve ya time
nothin wrong wit dashin
how many niggas run fast and buck a day after
cus see where Im from U run the rules in my hood
U dont snitch if they catch ya
Gotta hit the gate hit da corner
still runnin' determined to get away Baby
runnin' for safety we make it and chill
daily routine when the cops chase me
And nigga we made it for real real real.....
