Krayzie:

Say goodbye, never can say goodbye.
I remember I met you, it was a cool day in the summer.
It was around the way thing, we was introduced
through my brotha. You made me feel like this the shit
1st time I hit it. I knew from right there everyday I would
have to hit. You were something real special, you can
me feel so fresh, so I felt this was the perfect
connection. But now I gotta leave ya cuz I see you aint
too healthy for me. Got to have you with me all day
always. You keep me high is what you do. You make a
nigga really fly is what you do. Yeah thats I feel but I
know that we can't be together no more, that shit you
got is poten, so I'm just gonna leave it alone. You got a
nigga open 24/7 at the door. You got me spendin up all
my time and all my money man. Jane completely runnin
things. Jane oh Jane, I can't maintain the way you fry my
brain, I'm leavin this time and I really mean it.

Never can say goodbye 4x.

Krayzie:

See you been runnin around every night in other
niggas lives. You let'em hit you so I know you can never
be mine. All to myself is how I want ya but other niggas
need ya cuz it seems you got'em fein in so that's the
reason I'll be leaving ya even thought I'd like to be with
ya. Never felt love like this ever before. So its kinda
hard to just walk out the door. I want you more when I
see ya, feel you when I smell ya and everytime I'm
going through this shit to make it better. Oh Mary Mary
Mary Mary Mary Mary Mary Mary Mary Mary Mary
Jane Jane. Oh Mary Mary Jane Jane. Now I have to leave
