You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade it

Turn off that motherfuckin' radio and put in a CD or a
tape
And let them thug niggas show we comin' to invade
your space
In your face like, 'Ho hey' the original, criminal
Blowing up on these niggas
Give them something to listen to is right back up in the
house

Mastermind of rap or crime another clack of a nine
Damage your spine, mash us and blast at your mind
Niggas really think I'm carin' what they sayin' like they
scarin' me
But all they talk is noise I'm not a toy, so boy don't play
with me

Thug Line, Thug Line and yeah that's my clique
And if niggas wanna trip then we can do this shit
I'm not no motherfucking hoe, nigga I came but I can
go
So nigga come on and let me know what you down to
die for

Stay strapped these days 'cause I don't know who to
trust
So I just point my gun everywhere when I bust, fuck
these niggas
I'm in your city, your TV and your radio
So don't act like I'm hiding nigga, y'all are just some
scary hoes

You been talkin', now we caught you

Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

Why niggas be actin' like they know me? Then talkin'
my shit
All on my dick now nigga you know what we call them
I'm running from nobody and nothing mother fuck
them if they coming
We'll be waiting with the pumps and bucking slugs into
they stomach

A hundred mini-missiles won't miss you I can bet you
we hit you
Split 'em, get rid of 'em, 10 of them, at the same time
killin' em
Keep my presence to a minimum but I'm in your vision
Every time you see the thug line I'm on the front line

I love mine I'm tellin' you now
We on a mission with no mercy, wanna know how bad
we want it?
Just say we thirsty for it and any nigga trying to get up
in my way
Might I say, them bitches beggin' for a beatin' so we
left 'em bleedin'

Competition, to me is an enemy
So think before you come try to get in it with me
So you can frown all you want to get loud all you want
to
But now we see you what you gon' do?

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

Now if y'all really trying to get in some action you heard
my song
Come nigga, get at me and bring your family

'Cause we really need to practice
"Walk it, don't talk it", I say this time after time

Have the same nerve and courage when we see you
outside
On line, all right let's get this party started, spark it
Thug style, showin' em love but we stay heartless
regardless
Hit 'em with bomb shit better ring the alarm
It's the thuggish, ruggish niggas bustin' the guage with
one arm

Like Vietnam, the enemies expendable, so fuck 'em
First time we warn 'em, second time we storm 'em
Nigga, you don't get no three shots, we not playin'
And I know they understand they tried to test the man
But the man was really a man

So it's the plan, stay heated heavy and ready to die
If not then eat a magnum full of hollow point shots
I'm just tryin' to make my profit, get up out of this shit
But until then I gotta cock my shit

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this

You been talkin', now we caught you
Bitch now it's on, thug line nor I don't give a fuck
About you jumpin' up, actin' like you're Krayzie
'Cause you Hollywood niggas can't fade this
