You ain't playing, shit you's a halt about your figgas
If you thug, forever rollin' on dubs
20 deep [Incomprehensible] pressin' the clubs with
your thugs

Nigga if you a thug than you better have tats
And whenever I got beef, I can call you for straps
Nigga if you a thug than you all about paper
And you know there's only one way you got to deal with
a hater

If you a thug you wouldn't have been talkin' it
You would have been walkin' it
Loading up your pistol marking your target and
popping it
If you a thug then what the fuck that make me?
A Krayzie, nigga y'all ain't trying to see

If you a thug only thing squilling will be your wills
And you was a pilling at still at whoever the fuck you
wasn't feeling
Thugs know the verse, my thugs holler louder than that
You don't hear them, you heard them in niggas just
follow the path

If you a thug, I know you ain't loving the bitch
Hugging the bitch, you say you just be rubbing the
clique
If you a thug, you know you can't be tricking the dough
Roll up in the halls, keep eyes on your foes

Yea, yea, yea, yea, nigga if you a thug than it's bitches

You know it's hard to find a pritty dyme piece you trust
Nigga if you a thug than you got to get yours
You still doing your thang but ain't no love for whores

If you a thug you don't need no money to make some
money
Because if you a thug, if you ain't got it you taking
money
If you a thug you don't give a fuck about the judge
Doing three strikes when you living your life thug

What a thug see thru whatever you were trying to do
I bet a thug can show you better than a thug can tell

If you a thug, oh yeah, you know you staying
[Incomprehensible] so high
Keep your heat on your side when you ride
If you a thug see you that type of nigga that never
given a fuck
Mad doggin' on than niggas like what, if you a thug

If you a thug you probably fighting a case
Harassed by the police and probably sprayed with
mase

Nigga if you a thug you know the law ain't shit
You screaming fuck the police and telling the president
to eat a dick

If you a thug you woulda been screaming this shit
before we was
Is you a thug or a nigga just trying to ride the
bandwagon
If you a thug you got no problem spending blood
Over the shit you love so nigga tell me, still a thug?

If you a thug you wouldn't be hollering
About what you would of could of
But should of you done it, now nigga run it
On your mothafuckin' stomach, ashes and elbows
