It's so hard, stayin rich, tryin to live, tryin to keep from  
stugglin,  
It's so hard, I've been down so long and I can't stop  
hustlin,  
It's so hard, just to have everybody from a different  
family,  
It's so hard, stayin sucker free cuz ya run game and ya  
know the streets,

(Krayzie)

Woke up this mornin to an empty bottle,  
Got so many problems I'm drinkin no to think about em,  
I hit rock bottom and now I climbed the rough side of  
the mountain,  
I am a survivor but how much longer will i get over,  
Cuz I mean damn, I've been stuck this jam like,  
When is this n\*ggas gonna recognize that I am tight,  
Cuz I been goin through a major drought,  
But almost vanished but dawg I managaged to make it  
out,

It's so hard

And sometimes I wanna pick up my 9,  
and put it up to my mind and just blast it (blast it),  
Cuz I'm grindin everyday and shining never came  
and my life is madness (madness),

It's so hard, stayin rich, tryin to live, tryin to keep from  
stugglin,  
It's so hard, I've been down so long and I can't stop  
hustlin,  
It's so hard, just to have everybody from a different  
family,  
It's so hard, stayin sucker free cuz ya run game and ya  
know the streets,

(Keef G)

You know that Harlem is a life and when it gotchu goin,  
N\*gga, hurting some bad and really tryin not to show  
it,

Staying strong is a hassle and I'm feelin on the regular,  
This is for my peoples aren't thinkin bout competitors,  
Rhyme to the rhythms of your broke ass n\*ggas,  
Steady grindin on the move campaignin for some  
figures,  
See my n\*gga Ziggy said, "What's cracking with ya  
man,"  
Told me his moms passed and it's hard to live without  
her,  
Stay strong my n\*gga if ya need me never hesitate,  
Its funny in this world tryin to figure out your fate,  
In this unforgiven place when die for what we livin for,  
Sippin on a brown bag, vibin in the studio,

It's so hard, staying rich, tryin to live, tryin to keep from  
stugglin,  
It's so hard, I've been down so long and I can't stop  
hustlin,  
It's so hard, just to have everybody from a different  
family,  
It's so hard, stayin sucker free cuz ya run game and ya  
know the streets.
