Hey, I be the pirate they call, you want to walk the plank  
Come on I'll make you walk the plank at a point blank  
range  
Bunkin' up brains wit a bloody, bloody scene  
Make the old ladies scream

Oh no, I don't believe it but you seen it redrum murda  
baby  
All they saw was the shadows, of the dark so they can't  
tell the law  
Ha ha ha fuck'um leave them in the red while we  
proceed to pop  
When they heart stop drop as they force me to  
weak'em

Complication with the breathin'  
And I step on they neck while they wheezin'  
Comin' from the underland  
Pirates understand we are unidentified first of our kind

Knieght rieduz roll vroom, vroom, vroom  
All the pirates on the ships and the witches on the  
brooms  
And panic and panic and panic it must be magic  
We only move when the moonlight guides us

When the sun rises you will not find us  
We will not exist disappeared from the faces of the  
earth  
But when the clock strikes 12 all hell breaks lose  
We are the people with the plots and we all kill you  
Dressed in black my name is shhh and I shall say no  
more

Build up dead inside of us mind twisted shook up in on  
tha  
Mr. Fuss danger we closin' in on the side you  
You only get one chance better take it run hide  
Appeared from out of no where no trace to be found

We come and we go without a heat of a sound  
Inside of me deadly whispas

Comin' through my crave like the shot of some sipas  
More less show y'all no pitty

And you women have the art to pass me  
Tried to provide me with me sexual tendencies  
It couldn't happen in your wild fantasies  
I'm not goin' to pass it up when I'm through

Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come

Mr. Sawed of Letherface, and the muthafuckin' Knieght  
Rieduz  
Thugline nigga these muthfuckas pirates  
And I'm the muthafuckin' thug  
So I guess that make me a muthafuckin' Thug Pirate

Pull out your pump, I'm ready to buck  
I now it's like that when I be fuckin' with these Knieght  
Rieduz  
Them niggaz always be in some type of violence  
That's why I signed them

Them Niggaz was lookin' for soldiers  
And I never seen no people like these they ain't your  
ordinary  
As a matter fact look at the raps kinda scary  
Night time is where they come from

But I ain't never send these niggaz in the day time  
Not once somthin' fishy It's like they don't exist  
Nigga never saw they face just like the shit they makin'  
And when we roll niggaz be lookin' surprised

'Cause of the way they dressed and they mysterious  
eyes  
Hypnotize ya my Knieght Rieduz put on my  
Letherface when I want to play with the Pirates

Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come

I suggested you pack your bags and hull ass  
If you can't be gone by night fall please don't look back  
Or how tragic and choose not to roll so I'm not rolled  
over  
Now I'm all alone for the bullet holes

Turned his lights off and carefully  
Your nothin' but a puff of smoke  
And reach from every ones memory  
Your next to be in gods hands

Your no longer a part of the human race  
Here we come a court and now your lost until the  
darkness  
For those who blaspherin' my name  
Call the court and I won't rest till there all inside there  
grave

Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come  
Knieght rieduz, here we come

Knieght rieduz  
1, 2 here we come for you  
3, 4 we takin' over the world  
5, 6 you have no time to repent  
7, 8 Anti-Saint  
9, 10 the sun is setting comin' from the under land
