[Verse 1:]

Now when I come home, ya yellin, tellin me ya gone
But I guess your leavin again We been here many times
before, come on it's so old
I think it's best I let'cha go roll
Need ta stress ya no more Oh no, I think it would be
better if ya leave me now
Stead of repeatin the same old episode
The one ya think I'm cheatin me
Yes I can see that I'm the reason ya greavin
Blowin on this potent weed is really got me thinkin

[Hook:]

Maybe it's me that's makin you hate me
Maybe it's me that's drivin you crazy
Maybe it's me n I can't be mad if you replace me
Maybe it's me that's just not ready for relations (ships)

Ooo yeah yeah yeah yeah ya yeah yeah

[Verse 2:]

At home n now I'm all alone
Why do I keep hearin this same sad songs
Remindin me of things I lost
I finally see I had it all
But I didn't realize that I had everything I needed She
was all I needed, but I was so damn greedy
So now I'll spend more time doin nothin, gettin weeded
My life is so damn speedy
I need to take it easy

[Hook:]

Maybe it's me that's makin you hate me
Maybe it's me that's drivin you crazy
Maybe it's me n I can't be mad if you replace me
Maybe it's me that's just not ready for relations (ships)

Ooo yeah yeah yeah yeah ya yeah yeah

[Verse 3:]

Pac say life as a rap star ain't nothin without god
N uh, he not lyin at all
Cause I got problems ya'll
Maybe it's me bein this miserable man that I am
It could be me the one that ain't really givin a damn
Or could it be that the game got me gone, fame got me
zoned out
I'm out here in the cold, I'm in the cold I really wish I
could change, but I'm caught up in my ways I'm in the
fast lane, but I need to take another road

[Hook:]

Maybe it's me that's makin you hate me
Maybe it's me that's drivin you crazy
Maybe it's me n I can't be mad if you replace me
Maybe it's me that's just not ready for relations (ships)

Ooo yeah yeah yeah yeah ya yeah yeah
