Oohh ya ya ya ya
Ya ya, c'mon c'mon c'mon
Oohh ya ya

Sometimes I braid my hair but then sometimes I don't
Sometimes I braid it up, sometimes I don't
Sometimes I follow the law but then sometimes I don't
Most of the time I won't
It depends on if I'm a friend or my drinkin mite get
outta controll
Yes I'm drinkin I'm geekin I'm drinkin
So before we send any drama
I'd juss thought we'd letch y'all kno
So we can squash the shit from the do'

Krayzie ain't that average nigga frum ya video
Out here screamin thug but we kno y'all really hoes
Letch u kno that in this rap shit y'all ain't fuckin with me
Because I am a king, a king
I'm not that average nigga frum ya video
Always see me keep it real cause that's how I'm rollin
Now who culd be a thug but so professionaly
Krayzie be all we need that's me

Always kept it real and never once tried fake
(Cause I could make a million)
And still don't hafta brag about the money I make
(And my shit is still appealin)
I don't spit it if I don't feel it that it's real enuff
Really I just don't feel it if the shit ain't thug
And all I kno is my nigga to hold my own and that's why

I'm not that average nigga frum ya video
Out here screamin thug but we kno y'all really hoes
Letch u kno that in this rap shit y'all ain't fuckin with me
Because I am a king, a king

I'm not that average nigga frum ya video
Ya always see me keep it real cause that's how I'm
rollin
Now who culd be a thug but so professionaly
Krayzie be all we need that's me

Now why don't you niggas stop perpatratin no bullshit
be yourself
Stop tryna be like somebody else nigga be yourself
Quit tryna live a thugs life, if u ain't live a thugs life
wanna roll juss like us
Wish they had my car, my home, my broad, my
clothes, my thoughts, my flows
Why do everybody wanna be
Why do everybody wanna be a THUG
Shit I juss don't kno
They go to the video and see the thugs got dough
They see I can hold all the naked hot hoes
And think that it's all about the ghetto they don't really
kno, really kno

I'm not that average nigga frum ya video
Out here screamin thug but we kno y'all really hoes
Letch u kno that in this rap shit y'all ain't fuckin with me
Because I am a king, a king
I'm not that average nigga frum ya video
Ya always see me keep it real cause that's how I'm
rollin
Now who culd be a thug but so professionaly
Krayzie be all we need that's me
