Yeah

TL

let's go

(One life, one life)

X3

All you get is one life, one chance/nigga you don't get  
no advance

one pass/ so you better make it last young man  
but your decision was to move with the criminals/ do  
what the killas do/ follow the leader is what niggas do  
In minimum lil nigga you're penitentiary bound/ that  
verse in the hearse just another mystery now

Wanna be a young thug/ a young thug/ he wanted to  
get rich quick so he slung drugs

You know the story/ everybody want the gangstas glory  
/ they wanna ball/ they want it all

Their brains distorted until the feds hit em/ and thats  
when they vision gets clearer/ the man in the mearor/  
then figured out life is much realer

Police scream freeze/ you pull your pistol when you  
squeeze/ the cop drops to his knees/ he drops his 40  
then he flees/

now the whole precincts chasing behind him/ he better  
keep running cause if the find him/ they gonna remind  
him

nigga, die die nigga/ got you buckin' and jumpin'/ one  
hundred miles and runnin'/ they comin/ you better keep  
stompin'/ don't stop/ don't think they bluffin

Cause they gonna lay you in a casket/blast past ya  
head while you dashin through the alley

Tryna run for cover/ there's hella helicopter that  
hoover/ anotha brotha/ to fuckin tell the coppers we  
don't love em

Empty ya clip while ya jumpin' the fence/ all the sudden  
you get hit and you remember

All you get is one life, one life, one life

(one life, one life, one life)

All you get is one life, one life, one life

(so you best to live ya lives right)

X2

Hey young world/ your just a young girl/ already  
somebody's baby mama the dumb girl  
They'll send her out to every playas ride/ and all the  
playas ride/ that's how she chase that paper  
Thirteen going on her 4th abortion/ no remorseful  
orphans/ of course the question is/ you must not really  
love your life  
Your mother must have never loved you right/ she said  
you daddy only hugged that night  
When he was hi-gh you mama didn't ca-re/ she needed  
you there/ just to receive ya welfare  
Heard you got a new boyfriend/ she called him daddy  
But I knew the time exactly when he pulled up in the  
caddy, but hey/ whatever is spesh/ she met him on the  
internet/ let me guess/"baby I can make you a st-ar"  
But then he said/"bitch better have my money"/ then all  
ya dreams turned into a nightmare (nitghmare)  
your lights dead (lights dead)  
right there (right there)  
to let the unnuual ? figure out that this aint the life that  
you want

And all you get is one life, one life, one life  
(one life, one life, one life)  
All you get is one life, one life, one life  
(so you best to live ya lives right)  
X2

Pullin' the dirt/ not too far from my coffin  
Who can you call when the heart has been darkened so  
murder is the only option  
Nobody care if your livin' and breathin'/ nobody was  
generous/ the number one reason you thinkin on  
leavin' even  
Smoking weed/ sippin on hennesy/ tryna ease the pain/  
the yak attack the brain/ the jam, you back insane  
You believe, you think you're willing to die/ better of  
dead than being alive  
Use your head/ thats the devil telling you lies  
Eyes on your price/ better not these let demons catch  
me sleepin'/ believe me they creepin'  
Now is the season of pleasure of leucines/ this ain't ya  
real life/ hold on just a little while longer/ so face your  
life and stand strongerâ€¦.

I (I, I, I) don't wanna die (die, die, die)  
U don't wanna die (die, die, die)  
I don't wanna die (die, die, die)  
X2

All you get is one life, one life, one life  
(one life, one life, one life)  
All you get is one life, one life, one life  
(so you best to live ya lives right)  
X4

TL (TL, TL)  
That's right  
You only got one life to live  
AND THESE ARE THE DAYS OF OUR LIVES!!!
